[Hindustān Banām Pākistān Hindusthan *versus* Pakistan Purports to give a short account of the origin of the so-called "Pakistan movement" in India and to show how the movement stands opposed to democratic Government in the country and came into conflict with Hindus and the native princes The movement is said to have first been started by Dr Sir Muhammad Iqbal with the suggestion of including Beluchistan, Sindh, North-Western Frontier Province, the Punjab and Delhi in the Pakistan and to have gained strength at the hands of Mr Jinnah under the auspices of the Muslim League The movement is held to have at present gained universal popularity with the Muslim world Several other Pakistan schemes similar to Dr Iqbal's scheme, adumbrated by other prominent political leaders, e.g., Dr Latif, Sir Sekandar Heyat Khan, and their motive of dividing India into Hindu and Muslim regions more or less, have been referred to The Pakistanists are said to be of opinion that there has been, and is, in India the so-called conflict of Hindu-Muslim cultures and the Pakistan movement is due to that conflict The author refutes the idea that the British statesmen and imperialists have given rise to the Pakistan movement and attempts to show that the communal mentality of the Muslim leaders in India is solely responsible for the movement Should the British leave India, it is held, it will not be possible for the Indian Muslim who are in a minority, to attempt for a division of India on a communal basis, and hence India will ever remain united and undivided] Pages 2+2+157. *Subject to modification when the examination of Jute Lands under section 14 of the Jute Regulation Act is completed

DEPARTMENT OF AGRICULTURE, BENGAL.

**PRELIMINARY FORECAST OF THE JUTE CROP OF BENGAL,
1942.**

[NOTE —On an average of the five years ending 1939-40, the areas under Jute in the Province of Bengal and the Indian States to which this forecast relates, represent some 78·7 and 1·3 per cent. respectively of the total area under Jute in India.]

The Preliminary Forecast deals with the area and the condition of the crop at the time of publication of the forecast. It is not a forecast of the outturn. With the coming into force of the Bengal Jute Regulation Act, 1940, the previous methods of estimating the acreage under jute in the province have been superseded. The area shown for the present season is the licensed acreage which will require modifications in the ensuing final forecast when the examination of jute lands under section 14 of the Act is completed.

Area in 1942.—In Bengal excluding Cooch Behar and Tripura, the returns for the licensed acreage show a total area of 3,190,415 acres as against 1,532,855 acres last year of the licensed area with certain modifications as shown in the final forecast, 1941. The acreages reported by the Cooch Behar and the Tripura States are 36,880 and 15,000 respectively against 38,600 and 17,000 last year.

Character of the season.—Weather conditions have been generally favourable for the growth of crop in most of the East and North Bengal districts but in the Daisee tracts of the West Bengal districts, its effect has not been satisfactory.

Present state of the crop.—The present condition of the crop is satisfactory in East and North Bengal districts and fair in West Bengal.

Stock.—Considerable stock in the hands of cultivators is reported from a number of districts.

DEPARTMENT OF AGRICULTURE, BIHAR.

PRELIMINARY FORECAST OF THE JUTE CROP OF BIHAR, 1942.

[NOTE—On an average of the five years ending 1939-40, the area under Jute in Bihar to which this forecast relates has represented some 11·3 per cent. of the total area under Jute in India.]

The present forecast deals only with the estimated area sown. It gives also a general survey of prospect but makes no reference to the probable outturn either in percentage figures or in bales.

2 **Acreage.**—I estimate the area sown during the current and four preceding years, in round numbers as follows —

Year	Acres
1938	315,500
1939	265,500*
1940	282,200
1941	242,500
1942	238,600

*Revised

3 **Weather conditions.**—In March light rain fell in all the jute-growing districts, the fall being below the normal everywhere except in Darbhanga and Bhagalpur where it was above the normal. In April rainfall was above the normal everywhere except in Champaran and Muzaffarpur where it was below the normal. In May the rainfall was light to moderate in all the districts. The weather conditions were favourable. Sowings were normal.

4 **District returns.**—Last year's area under jute was finally estimated at 242,500 acres. The total area under jute this year is estimated by the District Officers in round figures at 238,600 acres. The decrease in area is due mainly to slump in jute.

5 **Condition and prospects.**—The present condition of the crop is on the whole good.

6 **General.**—The quantity of jute which remains in the province from the crops of 1941 is reported to be not much on the whole.

The statement below compares the estimated area under jute in this province this year with the preliminary and final figures of last year:—

DEPARTMENT OF AGRICULTURE, ASSAM.**PRELIMINARY FORECAST OF THE JUTE CROP OF ASSAM, 1942.**

[NOTE.—On the average of the five years ending 1939-40 the area under jute in Assam represents some 7·8 per cent. of the total area under jute in British India.]

1 **Season.**—The weather was generally favourable for the cultivation and growth of the crop. In certain districts heavy rains interfered with weeding operations. The present condition of the crop is reported to be fair on the whole.

2. **Area sown.**—The total area under jute as estimated by the Deputy Commissioners is 234,500 acres against 296,000 acres (revised) of last year. The decrease in area is due to the low price of jute and propaganda for substituting food crops for jute.

3 **Stock.**—According to the reports of the Deputy Commissioners little jute remains in stock from last year's crop.

PRESS COMMUNIQUE.

Revised price of salt.

The price of salt was last revised with effect from the 23rd June 1942. It has become necessary once again to revise the price. The existing price was based on the price of salt ruling at Karachi and the railway freight payable to Calcutta. The price at the source has since considerably increased and instead of railway wagons, ships will now carry the supplies necessary for Bengal. The revised price includes compensation to shippers for risks of deviation if any. For details reference is invited to the order issued by the Chief Controller of Prices, Bengal, a copy of which is annexed. The revised prices came into force from 1st August 1942.—

This payment is obligatory whether such application is subsequently rejected or not and no claim for a refund of this fee will be entertained. *Applications stamped with postage or other stamps will not be accepted*

(iv) No allegation that an application form or letter respecting such form, has been lost or delayed in the post will be considered unless the person making such allegation produces a Post Office registration receipt or certificate of posting. Candidates who delay their applications until a late date will do so at their own risk

5. Nomination.—The nominating authorities mentioned in Schedule II shall forward to the Secretary, Public Service Commission, Bengal, before the 30th September 1942, all completed applications received by them from candidates who are eligible under the rules to appear in the examination with certificates about their moral character. The candidates nominated shall be grouped in communities.

6. **Selection certificates.**—The Public Service Commission will issue certificates of selection to such a number of candidates as they consider desirable. The selection or rejection of a candidate by the Commission shall be final, and no candidate shall be admitted to the examination unless he holds such a certificate :

In making their selection the Public Service Commission will have consideration to the resolution of Government fixing the communal ratio according to which all appointments to Government services will be made.

7. **Particulars of candidates.**—The Public Service Commission may require such further proof or particulars from the candidates as they may consider necessary, and may make enquiries regarding their character and domicile.

8. **Examination fee and time-table.**—Every candidate to whom a certificate of selection has been issued will deposit into a Government treasury in Bengal or Reserve Bank of India, Calcutta, a sum of Rs. 50 as examination fee and forward the receipt for the same to the Secretary, Public Service Commission, Bengal, by the date fixed. Under no circumstances will the fee paid be refunded. Delay in this respect may render a candidate's name liable to removal from the list of examinees. On complying with this requirement, the candidates will receive from the Secretary a time-table for the examination. The examination will be held in two centres, viz, Calcutta and Dacca, if sufficient candidates are forthcoming. The candidates should clearly mention in their application forms the centre where they wish to sit. The dates and place of the examination will be communicated to the candidates separately.

9. **Canvassing.**—Any attempt on the part of a candidate to enlist support for his application through persons of influence or officials of Government will disqualify him for appointment. Spontaneous recommendations from persons interested in the candidates, or otherwise known to them, will be disregarded.

10. **Disclosure of identity.**—Candidates should not write their names or roll numbers anywhere except in the space provided for the purpose on the answer books. Any paper containing a mark or a hint revealing the identity of a candidate will be rejected without further scrutiny.

11. **Ineligibility of Government servants.**—No person holding a substantive appointment in Government service or an appointment on probation against a substantive vacancy under Government will ordinarily be eligible to appear at the competitive examination. Persons holding purely temporary posts under Government should submit their applications in the manner prescribed in paragraph 4 above.

12. **Syllabus of examination and marks.**—The examinations will be held in the subjects and according to the syllabus shown in Schedule III which also indicates the numerical value to be attached to each paper at the examination.

As the possession of a knowledge of a provincial vernacular is an essential condition of appointment candidates, whose ordinary spoken and written language is not Bengali, must take up translation from English into one of the provincial vernaculars named below —

(i) Bengali,

(iii) Urdu,

(ii) Hindi,

(iv) Nepali,

and *vice versa* in the compulsory paper. Successful candidates, however, who have offered any language other than Bengali in that paper and are appointed to a service for which there is a Departmental Examination, will be required to pass completely the Departmental Examinations in Bengali within two years of the date of their appointment to the service.

13. **Medical Examination.**—As soon as the results of the examinations are ready, a proportion of the candidates who have qualified will be called upon to appear before a Medical Board for a certificate of their fitness for Government service in form A of Schedule IV of the Bengal Provincial Services Recruitment Rules. An order to appear before the Medical Board must not however be understood to mean that the candidate, if found fit, will necessarily receive an appointment as the number of candidates who will be summoned for medical examination will be slightly in excess of the total number of vacancies, and the question of his appointment will depend upon the results of the medical examination taken as a whole. Regulations governing the physical examination of candidates are set forth in Schedule IV of the Bengal Provincial Services Recruitment Rules and intending candidates are advised before they apply for admission to the examination to satisfy themselves that they are likely to qualify as physically fit under those regulations, for experience has shown that a considerable number of the candidates at the competitive examinations are subsequently rejected by the Medical Board as unfit.

14. **Availability of old question papers.**—These question papers may be purchased from the Book Depot, Writers' Buildings, Calcutta, or from the Publication Branch, Bengal Government Press, Alipore, at Re. 1 for a complete set of questions for one year.
